

# User Manual for Password Reset

## Introduction

The Password Reset module allows users to change their passwords. This manual provides step-by-step instructions for utilizing the form.

## Getting Started

### 1. \*\*Launching the Application:\*\*

- Run the application executable file.
- The Password Reset module includes a form for resetting passwords.

### 2. \*\*Form Elements:\*\*

- The form consists of input fields, labels, buttons, and a menu to facilitate password reset.

## Resetting Password

### 1. \*\*Navigating to the Form:\*\*

- Click on the “Reset Password” button in the application to open the form.

### 2. \*\*Completing the Form:\*\*

- Fill in the required information for resetting the password:
  - Username: Enter your username.
  - New Password: Enter the new password.
  - Confirm New Password: Re-enter the new password for confirmation.

### 3. \*\*Changing the Password:\*\*

- Click the “Change Password” button to reset the password.
- A confirmation message will appear upon successful password reset.

### 4. \*\*Canceling Operation:\*\*

- Click the “Cancel” button to close the form without changing the password.

### 5. \*\*Help Section:\*\*

- Click the “Help” button to access detailed instructions in a PDF manual.

## Additional Information

### 1. \*\*Username:\*\*

- Ensure the correct username is entered.

### 2. \*\*Password Matching:\*\*

- The new password and confirmation must match for a successful reset.

## Closing the Application

- Click the “Cancel” button on the form to close and exit the application.

Note: For any additional assistance, please refer to the provided PDF manuals or contact your system administrator.
